

FERPA Notice for Virtual Learning

During this difficult time, Manarah Islamic Academy is committed to making a good faith effort to provide continuity of education, planned instruction, and appropriate and reasonable services for students while our school is closed due to the COVID-19. One method of doing so is providing instruction and related services, to the extent, it is appropriate, through video conferencing and other virtual/online platforms. Manarah Islamic Academy has made reasonable efforts to ensure that such conferencing is confidential and access is limited to students in the assigned groups (class). However, these services (such as zoom) will be provided in a group format and when this occurs, students will be able to see other students in the group. In addition, Manarah Islamic Academy is unable to control who else may be in the room in which a student is receiving these services remotely, including other family members or others who are living with the other students, who may observe the session and what other students are in the group.

Therefore, Manarah Islamic Academy expects that all families will review and implement the following guidelines and expectations to ensure the confidentiality rights of all students are protected during instructional methodologies which will include group communications, and/or video conferencing.

1. Neither Manarah Islamic Academy nor parents shall make or maintain recordings of the course content or classroom activity or other group communication that is conveyed via the virtual attendance services.
2. Parents shall make every effort to ensure that no one other than the student scheduled to participate in a virtual attendance service can see or hear the virtual attendance service.
3. If parental or other third-party involvement in a virtual attendance service is necessary to enable a student to participate, the individual assisting the student shall not re-disclose any personally identifiable information about any student involved in the virtual attendance activity.
4. If the parent's electronic equipment malfunctions in any way, the planned virtual attendance service will continue as scheduled.
5. The parties agree that this Agreement does not apply to the video or audit-taping of any course material by teachers that have been or may be made available to students from time to time.
